## **Statement from Interim Chief Michael Sullivan**

*Office of Accountability and Transparency releases Monitoring Reports*

I want to express my sincere appreciation for the diligent efforts of the Office of Accountability and Transparency (OAT) in conducting a thorough review of our Department's administrative investigations. At the Phoenix Police Department, we are committed to continuous improvement to better serve and protect our community.

The recommendations provided in the first two monitoring reports, released today, are insightful and valuable. In the coming days, we will thoroughly review the reports and formulate a response that will be shared with OAT and made accessible to the public, reflecting our unwavering commitment to transparency and accountability.

I am fully dedicated to fostering a culture of continuous improvement within our Department, and I acknowledge the vital role that OAT plays in achieving this goal.

Throughout this process, we welcome and encourage further input and feedback from OAT and the community at large. Together, we will work tirelessly to uphold the highest standards of professionalism, integrity, and service excellence within the Phoenix Police Department.

Michael Sullivan  
Interim Phoenix Police Chief
