Maps Reports Legend

The image displays a web-based land use map viewer for the Southwest Cluster in Phoenix, Arizona. The map shows a dense grid of land parcels, each color-coded according to its existing land use. The colors include shades of green (likely agricultural or undeveloped land), yellow (possibly residential or commercial), purple (likely residential), and brown (possibly industrial or commercial). The map is overlaid with a grid, and various navigation and interaction tools are visible, including a search bar at the top, a legend, and a home button in the bottom left corner.

Future Land Use – Southwest Cluster

Maps Reports Legend

This is a screenshot of a web-based land use map viewer. The interface includes a search bar at the top with the address '302 N 1st Ave, Phoenix, Arizona'. Below the search bar are navigation tabs for 'Maps', 'Legend', 'Reports', 'Markup Tools', 'Print Map', 'Share', and 'Help'. The main map area shows an aerial view of a city grid with various colored overlays representing different land use zones. The colors include shades of purple, yellow, red, green, and blue. The map is divided into a grid of blocks, with some blocks having more complex, irregular shapes. The bottom left corner features a home button, zoom in (+) and zoom out (-) buttons, and a scale bar. The top right corner has a 'Reports' tab and a 'Legend' tab, both with icons for help, close, and refresh.
